

Literacy

Children will be focusing on non-chronological reports and narrative diaries.

We will look at a range of travel guides and write our own for Italy and London.

We will learn about Samuel Pepys Diary and write our own diaries, imagining we were around at the time of the Great Fire of London.

Science

Our focus in Science will be Materials. We will name and sort materials and describe their properties.

We will look at where materials come from and discuss whether they are man-made or natural. We will look at magnetic materials and materials that float.

Numeracy

This half term, we will focus on:

- Addition/Subtraction
- Money
- Statistics
- Multiplication/Division
- Fractions

Art

We will focus on Landscapes and Cityscapes and recreate our own using acrylic paint and pastels.

Marvellous Meerkats

Spring 2

Which is the best building in London?

PE

PE will take part on Tuesday and Wednesday afternoons. On Tuesdays, sessions will be partly run by Thongsbridge tennis club. On Wednesday, children will continue with dance.

DT

In DT, we will be looking at a range of different buildings and the materials they are made from. We will then choose a material and design a London building. Children will measure, cut and join different materials.

History

Our History focus will be The Great Fire of London. This will be linked to our Literacy topic. We will look at when it happened, how the fire started, London buildings at the time and how the fire was stopped.

Computing

Our focus will be programming. Children use Scratch to program a character to make it move etc.
