

History

We shall be continuing our Ancient Greek work with a focus on Gods and Goddesses. We shall be researching the Greek Gods, learning their stories and creating our own.

French

The learning in French will be around food. There will also be some transition work for Year 6 pupils.

English

We shall be looking at many topics in English including: play scripts, narrative writing and non-chronological writing. Our writing will link to our topic work.

Maths

We will be focusing mainly on: Transition work for moving to High school and into Year 6; Symmetry; Volume and converting measurements; Algebra; Consolidation of learning from the year.

Excellent Eagles

Which creatures change most throughout their life?

*Subjects not covered this half term:
Art, Geography, RE*

Computing

The children will be learning to hone their imotion skills. They will be creating Life Cycle videos to accompany their learning in Science.

Science

Moving on from our work on Health we shall be looking at Life cycles in humans, animals and plants. We shall be focusing on: the differences in the life cycles of a mammal, an amphibian, an insect and a bird. To describe the life process of reproduction in some plants and animals. Give reasons for classifying plants and animals based on specific characteristics.

There will also be coverage of our Sex Education topic including: appropriate relationships; sexual intercourse; periods and pregnancy; and giving birth. This is all linked to our work on humans and life cycles. If you have any concerns over this topic, please speak to Mrs Stead.

Discreet

P.E. - Striking and Fielding
(Wednesday)
P.E -PROJECT SPORT (Thursday)

PE kits should be in school every day.

DT

We shall be making Greek clay pots using the coil method, and decorating these with images of people in action.

PSHCE

We shall focus on our transition to High school and into our final year of Primary school. We will be looking at how to be a good role model to others.
