

Homework Non-Negotiables

In addition to homework, we firmly believe that children need to consolidate key skills by completing these tasks:

READING

It is important to listen to your child read for at least 15 minutes every day. Discuss the book together, making predictions and links between books that have been read previously.

SPELLINGS

Spelling rules will be given weekly along with tasks to be completed at home. Children should learn their weekly spelling list and use these words in their work. Tests will be given at intervals.

TIMESTABLES

Children in the Wonderful Wolves should have a firm grasp of the 3, 4, 6 & 8 times tables by the end of Year 3. All pupils should be competent in all multiplication tables up to 12 x 12 by the end of Year 4. Spend some time on a weekly basis exploring multiplication, division and problem solving skills.

Revised 09/17

Hade Edge School

Wonderful Wolves Winter Term Homework

Why should we all learn a second language?

Homework at Hade Edge School

Homework will be based on our topic work and all children are encouraged to take part. We would like the children to create a piece of work linked to our current topic.

There are several suggestions on the opposite page as to what homework might look like, but please remember that your child can do **ANYTHING THEY LIKE** relating to our topic. This could be a poster, art work, collage, written report, poem, story, model making, Powerpoint or a dance routine. The list really is endless. We often find that children come up with amazing ideas we would never have thought of! This is their opportunity to be creative and let their imaginations lead their homework.

Children will present their in class during the last week of this half term. The homework project can be completed at any time throughout the half term. We simply ask that all projects are brought into school in the last week of term (**w/c 17th December**) ready for our 'show and tell' session.

Please read the back page of this leaflet for further advice on how you can support your child at home. Children will be expected to use the weekly spellings in their writing so learning them is important. Children will also be given 'spot check' tests to make sure they are retaining this information.

If you have **ANY** questions about homework please speak to the class teacher.

Thank you for your continued support.

Mr Kilner

Wonderful Wolves Challenge Task

This half term we will be comparing similarities and differences between France and the UK. We will also be improving our conversation skills in French.

Our Science topic is 'Animals including Humans' and will focus on nutrition, as well as the function of skeletons and muscles.

We would like the children to fully embrace our topic by exploring these themes and presenting their findings to the class.

Ideas and suggestions...

- Find out how many people in your family can speak a language other than English. Can they teach you any words/phrases?
- Create a labelled diagram of an animal or human skeleton.
- Find out about the history of bread. Where did it come from? How is bread in each country made? Is all bread the same?
