

Homework Non-Negotiables

In addition to homework, we firmly believe that children need to consolidate key skills by completing these tasks:

READING

It is important to listen to your child read for at least 5 minutes every day. Discuss the book together, making predictions and links between books that have been read previously. By the end of the year, it is expected that children will be able to read and write the list of high frequency words on the sheet provided last half term. Please practise a couple of words each week.

SPELLINGS

In the Summer term children will begin to have spelling tests based on the high frequency words that the children have been practising reading at home and school all year. Time spent reading and spelling these words each week will stand the children in good stead for the tests.

Name Writing

Please practise writing your name with correctly formed letters.

Revised 09/17

Hade Edge School

Terrific Tigers Spring Term 1 Homework

Magic!

Homework at Hade Edge School

Homework will be based on our topic work and all children are encouraged to take part. We would like the children to create a piece of work linked to our current topic.

There are several suggestions on the opposite page as to what homework might look like, but please remember that your child can do ANYTHING THEY LIKE relating to our topic. This could be a posters, art work, collage, written report, poem, story, model making, Powerpoint, dance. The list really is endless. We often find that children come up with amazing ideas we would never have thought of! This is their opportunity to be creative and let their imaginations lead their homework.

Children will present their in class during the last week of this half term. The homework project can be completed at any time throughout the half term. We simply ask that all projects are brought into school in the last week of term (w/c 11th Feb) ready for our 'show and tell' session.

Please read the back page of this leaflet for further advice on how you can support your child at home. We will no longer be testing spellings on a weekly basis. However children will be expected to use the weekly spellings in their writing so learning them is important. Children will also be given 'spot check' tests to make sure they are retaining this information.

If you have ANY questions about homework please speak to the class teacher.

Thank you for your continued support.

Mr Kilner

Terrific Tigers Challenge Task

This half term our topic is 'Magic' We will be looking at a range of magic themed stories as well as a number of science investigations.

We would like the children to fully embrace our topic by exploring the theme and presenting their findings to the class.

Ideas and suggestions...

- Design your own witch or wizard and write a character description.
- Learn a magic trick to present to the class.
- Undertake a science investigation and present your findings to the class.
- Make your own spell book full of your own potions and spells.

Or why not try something completely different...
