

Literacy

This half term, our Literacy work will link to our Castle topic. We will be reading stories and information texts to support our writing.

Children will write:

- Labels and captions
- Recounts
- Stories
- Information texts

Science

In Science, we will be learning about 'Animals including humans.' We will learn about animal babies, growing and changing, basic needs, animal bodies and grouping animals. To support our learning, we will visit a local farm to observe the animals and learn about growth, change and life cycles.

Numeracy

This half term, we will focus on:

Addition and subtraction

Statistics (block diagrams and pictograms)

Fractions

Time

Number problems

Geography

In Geography, we will learn about our local area. We will look at what is in our area, the buildings, houses and use map skills to find our way around the village.

Marvellous Meerkats

Summer 2

Towers, Tunnels and Turrets

PE

In PE, children will be learning a dance for the Gala on Mondays and hockey on Wednesdays. Hockey will be taught outside (weather permitting) so please ensure your child has appropriate clothing.

Art

In Art, we will be making sculptures from nature. We will be making clay animal sculptures, make observational drawings of nature in our school grounds, go on a woodland walk to find materials we can use to make a collage and create Andy Goldsworthy inspired art.

History

In History, we will be learning about what a monarch is and the qualities needed to be a good monarch. We will learn about important British monarchs and look at their family trees.

Computing

In computing, children will continue with their typing skills, opening and saving documents and creating and presenting PowerPoints.
